A final thank you to all the participating radio stations, individuals and businesses who without hesitation supported and were the catalyst in launching the NBHQB. The success of the NBHQB clearly demonstrates one thing, that through ones dream and the support of the community, anything is possible.

And last a special thank you to Atlas Chiropractic, our platinum sponsor, for taking the time to listen and respond to the African-American voices in the community.

God Bless,

Joe McGee  
NBHQB
